## EDITORIAL.

ONE of the chief events of this term has been the Upper School Sports, held this year for the first time. High praise is due to the Sixth Form, who were entirely responsible, for the excellent programme and success of all the arrangements for the afternoon. The sum of £10 17s. was made by the afternoon's entertainment, and ten guineas has been sent to the Children's Country Holiday Fund.

During the term we have sent 590 hospital bags to Lady Smith-Dorrien, and we have agreed to send an annual subscription of £5 to the New Hospital for Women, Euston Road. We still send sacks of paper away each term, and have in this way added to our War Funds. The Form Boxes bring in weekly a satisfactory sum, and, in all, £5 14s. 5<sup>1</sup>/<sub>2</sub>d. has been collected this term.

During the last few years the numbers in the Lower School have been gradually increasing, until it has become necessary to make an additional Form. Next term the Lower First will be over at Fernwood and occupy the, at present, disused needlework room. In the School, there will be parallel forms above the Third, so that we shall have Remove A and Remove B. During the last six months we have also had two additional mistresses on the Staff.

#### Netball.

The Final Form Cup Match, between Forms VI. and L.V., postponed from last term on account of bad weather, was played on Thursday, July 19th, and resulted in a win for Form VI.—14 goals to 8. The game was an exciting one to watch, as the teams were very well matched. The VI. Form were decidedly stronger in the middle of the field, but the L.V. made up for it in their shooting and defence. At first it seemed as if the L.V. were going to have an easy game, as they scored goal after goal, while the VI. missed the easiest shots; but after half-time, the VI. Form shooting improved considerably, and they gained and kept the lead. J. Horn and M. Follett did very good work on the L.V. side, and P. Foucard, H. Bourne, and E. Hotchkin combined well together for the VI. Form.

#### Tennis.

No outside matches have been played this term, as it has been decided to drop them all until after the War. However, there have been three matches: two against the Staff and one against the mothers.

Staff v. School. Played on July 6th. Result: the Staff won by 51 points (8-7, 10-5, 10-5). The play of the 3rd couple was quite promising, though they were overmatched by their opponents. The School 2nd couple were also outplayed. The back line play was quite good, but the net play was weak. The third match was more even than either of the other two, though somewhat uninteresting. H. Bourne played a very steady game.

School v. Mothers. Played on July 13th. Result: the Mothers won by 115 points to 110. 1st couple won 9-6, 2nd couple won 8-7, 3rd couple lost 4-11. For the juniors C. Philip played a very pretty game. In the second couple I. Butlin played very steadily, and gained her first mention. In the first couple H. Bourne played very well, and gained her third mention and shield.

Staff v. School. Played on July 20th. Result: the Staff won by 89 points to 76. 1st couple (School) lost 6-9, second couple won 8-7. Owing to the illness of Miss Rose, the Staff played two couples only, substituting one of the third couple in the second.

### Characters of the Tennis Champions.

- H. BOURNE has developed into a good all-round player. Her service is extremely good, and she shows judgment in placing her balls. Her cross-drives are most effective, and at the net she is somewhat difficult to pass. She has won her shield. We shall miss her very much next year.
- I. BUTLIN is a very steady back-line player. Her service is good, but she should vary it at times. She places her balls, but must try to put more force into her strokes. She has won her first mention.
- D. BROWNE shows a lack of alertness in her play. Her back-line play is good on the whole, but her net play is poor. Her service, apart from double faults, which are too frequent, is good.
- P. FOUCARD is at her best at the net, but she is not difficult to pass, and should try to increase her reach. Her service needs a great deal of practice and her back-line play is weak.
- C. PHILIP is decidedly promising. Her style is good and her drives show considerable force, though she shows too great a tendency to "smash."
- I. WINDEBANK also shows promise. Her forehand strokes are good, and so is her service, except for a tendency to "doubles," but her back-line balls are weak.

Final Form Tennis Match.—VI. v. Remove. Played on Thursday, July 26th. Result: the Sixth won, the sets being 6-2, 6-3. The Remove champions were I. Windebank and C. Philip. The Sixth Form champions were H. Bourne and I. Butlin. The match was not a very exciting one, as there was no brilliant play on either side. I. Windebank and C. Philip combined well.

#### DRILL REPORTS.

From the Mark List it will be seen that some Forms have been raised, some lowered by the marks for general deportment. On the whole however this has improved.

Form IV. have done very good work throughout the term, but must still be more careful with their sitting positions.

Form VI. have done good all-round work.

Form L.I. have done really good work at drill, and their marks would have been higher had their sitting positions been better.

Form III., second in the School for drill, have worked with a will, but their general deportment needs more thought and care.

Form Upper V. have done good drill latterly: their general deportment is good.

Form Remove do good drill, but until they really try, their general deportment will keep them low in the Form lists.

Form Upper I. did not start the term well, but have done excellent work latterly.

Form II. have done disappointing drill this term: their work is spoilt by thoughtlessness. General deportment needs great care.

Form Lower V. have not done all they are capable of doing.

### Gymnastics.

The Gymnastic Badges for Improvement were won by—

Lower School—Kindergarten Division	...	S. Seale
Division I.	...	M. Marshall
Division II.	...	D. Smith
Upper School—Division I.	...	P. Nicol
Advanced Class	...	M. Redfern, I. Windebank

For this term the second division of the Upper School gymnastics and the advanced class were taken together as one class.

*Kindergarten Division.*—Are very keen on their work and have improved this term. L. Frost, J. Julyan, S. Seale, P. Smith, and E. Walshe have done specially good work.

*Division II.*—Work well and are very energetic and keen, but sometimes thoughtless, the result being that their work is not finished off well; in time, however, this will improve. K. Butler, W. Baines, K. Carter, M. Dawson, A. Hensley, N. Letts, M. Marshall, B. Marshall, L. Philip, P. Philpot, R. Wansbrough have done good work.

*Division III.*—The whole class is enthusiastic and has done very good work. D. Archer, M. Baines, E. Brannan, J. Butler, C. Graves, D. Graves, M. Hensley, J. Hodges, M. Reavell, L. Saberton, M. Sieber, D. Smith, D. Jones, and N. Taylor have worked well.

UPPER SCHOOL. *Division I.*—Are keen and energetic, but the free standing work is not yet smart enough. The apparatus work is good. Marjorie Redfern, J. Rocke, P. Nicol, E. Gilbert, B. Collins show great promise. G. Burnett, M. Pledge, J. Ridley, D. Lufkin, B. Kelly, J. Crick, U. Secretan, M. Church have done very good free standing work, and with more practice their apparatus work will be well up to the standard required.

*Advanced Class.*—Are full of enthusiasm and energy, and have done work well up to the standard of an advanced class. H. Schafer, M. Gashion, K. Baker, H. Lufkin have done very good free standing work, but their apparatus work is not quite up to the standard. B. Black, E. Hotchkin, C. Philip, M. Redfern, G. Wilkinson, I. Windebank are equally good at both free standing and apparatus work, and have done really advanced gymnastics.

## The Lower School Sports.

The Lower School Sports were held on Wednesday, June 6th. Although the weather had been uncertain the day before, Wednesday dawned fine and sunny, and we were pleased to be able to welcome a number of parents and Old Girls. One of the most interesting events was the Bicycle Obstacle Race. This was a real trial of skill, and very few succeeded in overcoming all the obstacles, the plank along which they had to ride at the end proving a serious difficulty to competitors who had otherwise been successful. The last event was the time-honoured Form Team Race, and amidst great enthusiasm the Second Form bore off the Lower School trophy, and the Sixth Form remained the proud possessors of the Upper School bowl. The day closed with the distribution of medals, in the form of Maltese crosses, which for the third year have been presented instead of prizes; and three hearty cheers were given for Miss Bell.

## Upper School Sports.

Upper School Sports have never been held since the School began until this term, and there was a general rejoicing when it was announced that they were to take place on Thursday, July 5th, at 5 p.m. The Sixth Form suggested having the sports in order to raise money for War Funds, and they undertook their organisation. The races were chosen from the point of view of variety, so that both the audience and the competitors might enjoy themselves. The entrance fees were 1/6 (covering all races) or 3d. for each race; and the spectators' tickets were 9d. for parents and friends, 6d. for School girls, and 3d. for brothers and sisters under 12 and not in the School. There were no prizes, in order to save expense. Instead, certificates, made by the girls and signed by Miss Bell, were awarded.

The afternoon of July 5th was fine and sunny, and although the heat was not great, it was enough to make the refreshments very much appreciated. The races were all most entertaining, especially the Four-Legged, the Musical Chairs, the Hair Dressing and the Costume Obstacle Races. In the latter the costume, a bonnet, a sweater, a very long skirt, and a pair of gloves, was indeed cruel,

especially the sweater, since it had to be taken off half-way through the race, and this is never an easy job, at the best of times. The money raised by entrance fees, spectators' tickets, refreshments, and donations, amounting to £10 17s., has been sent to the Children's Country Holiday Fund. This fund is more than ever in need of help, now that travelling expenses are so great and cases of distress are so terribly numerous. The Sixth Form wish to thank the Staff who judged and superintended the races on the day, the girls who made the certificates, and those people who were so kind as to give donations. The following is the list of races and certificate winners :

### The Old Girls' Association.

No General Biennial Meeting has been held this term, as the Committee decided that it was best to carry on for another year without the usual changes in the Committee. Further, they decided that there should not even be a garden entertainment for the wounded soldiers, such as we had last summer in the School garden. Instead, it was agreed that the money should be sent to help those who were in a considerably worse condition than our brave wounded men at Benfleet Hall. £5 was voted for the Prisoners of War in Germany, and £2 2s. to the French Red Cross Fund. The election of Lucy Collins, as Hon. Secretary of the Association, was ratified at a Committee meeting held early in the term; and all business in connection with the Association should in future be sent to her at Minstead, Mulgrave Road, or The High School.
