

S. Ronan's  
Magazine.

August, 1910.

## Editorial.

**T**HIS past Term marks the close of the School year, and on looking back we find it has been a good one ; there is always more to be done, but a great deal has been accomplished, and the new year will start under the best auspices. One of the most striking features is the fact that in one year there have been twenty-eight new boys, so that we are now in the happy position of being absolutely full, and judging by the entries in advance, that state does not seem likely to be only a temporary one. We take great comfort to ourselves too, when we think of the "personnel" of S. Ronan's; many may remember that over a year ago, we undertook to fill satisfactorily the posts of "Lady Matron" and "Chaplain"; no one will dispute us, if we venture to assert that those particular posts could not possibly be better filled than is the case ; to us, it is the greatest relief to have Miss Bromley and Mr. Simpson in those capacities, and we are glad of this opportunity of assuring them of that fact. Not less fortunate have we been in our head boys ; in Goodall, ma., Coldham and Crick, we have had a trio, than which nothing better has ever been seen at S. Ronan's ; their general influence has been splendid, and it is very largely due to them that there is, at this moment, a far greater spirit of unselfishness in the School than is usual among boys. Goodall and Crick are going unfortunately, but there are plenty who can, if they like, step into their shoes and carry on the good work. The responsibility is on their shoulders, and we look to them to work hand and glove with us, not only to keep up this excellent state, but to establish it more and more. We understand each other here, and it is well that all should realize that the School is

sound and take a pride in it, and make up their minds to do all in their power to make it better and better; let every boy be imbued with that idea; most, we know, already are, but even the smallest can do his share—there are diversities of ways, but the same spirit.

We must not, in our enthusiasm, give the idea that we think ourselves free from faults—we don't, far from it—we would like to see people rather more particular in small matters; less drills for being late in the morning, more method and tidiness in personal matters, and various other points: but these things we mean to have, and soon. We have a growing reputation to enhance and traditions to preserve, and we must set about doing it in no uncertain way.—*Altiora petimus.*

### School Notes.

The Summer Holidays will end on Tuesday, September 20th, on which day all boys should return to S. Ronan's. For the use of those travelling from London, there will be a saloon or reserved carriages on the 3.27 train from Victoria, and a Master will be in charge. The Xmas term will end on Tuesday, December 20th.

H. M. Goodall has won an Exhibition at Repton and goes there in September. No head Prefect has ever done better work than he, and he takes with him not only our affection, but also our confidence and respect.

\* \* \*

W. H. R. Crick proceeds to Lancing, and we can only say that if he does as well there as he has done with us, that School will have every reason to be proud of him.

\* \* \*

C. W. G. Grimley having defeated the Examiners, will enter Wellington College next term; he will be a great loss to us in every way, and we shall all miss him greatly; his place in athletics will be particularly hard to fill.

The following New Boys are due to enter S. Ronan's in September :—

J. S. Garrett,  
R. I. Hoyle,  
J. L. H. Miller,  
A. J. S. L. Boyd,  
A. I. Cameron,  
L. A. Burd,  
A. B. Smith.

\* \* \*

We have to thank Mr. Gordon Mills for presenting a splendid Silver Challenge Cup for the Quarter Mile; it was won by C. W. G. Grimley on this first occasion, and will adorn the Dining Hall, together with the other cups. Mr. Mills has our most sincere gratitude.

\* \* \*

We had a splendid day on Thursday, June 23rd. The whole school went up to town to see the Royal Army Pageant. Major Tudor Craig gave us a most regal lunch, for which we offer our best thanks, and reserved us most excellent places. Everyone appreciated it to the utmost degree.

\* \* \*

The most remarkable fact about our recent outbreak of German Measles, is that out of 54 boys there were only two cases, and those the original ones. The health during the whole of the past year has been uninterruptedly good, and we take this opportunity of patting ourselves vigorously on the back.

\* \* \*

*A propos* the above, this seem to be a suitable occasion for asking all parents to be very particular as to what their boys do when they have them out. In our opinion, boys should not, as a general rule, go (a) to any indoor place of amusement; (b) in the company of other children or to any other house than their own; (c) anywhere without the full knowledge and consent of their parents. We are sure we shall not be considered fidgety; as so much depends on care in these matters.

### Old Boys' Column.

D. A. Forbes (Marlborough) has just gained a 1st Class in the 1st Part of the Historical Tripos at Cambridge; for this unusual achievement he has our hearty congratulations.

A. B. Bratton (Harrow and Caius), another distinguished scholar, is also the best Shot in the Cambridge Shooting Team.

We hear that P. S. Hadley is quite the most promising bowler at Charterhouse ; he is also going fast up the School in work.

J. M. de Slubicki is in the Historical VIth at Westminster ; he has also got his first XI. Cricket colours. F. R. C. Cobbold, of the same School, has received his third XI's.

All our Harrow boys are doing particularly well, and the *Harrowian* is full of their names ; at the present time we feel we cannot do more than congratulate them on their new Headmaster, the Rev. Lionel Ford ; Repton's loss is indeed Harrow's gain.

D. B. Wallis left Cheltenham last term and goes to Pembroke College, Cambridge, in October next. There will shortly be quite a large gathering of S. Ronan's people in that university.

Did you tackle the trouble that came your way  
 With a resolute heart and cheerful ?  
 Or hide your face from the light of day  
 With a craven soul and fearful ?  
 Oh, a trouble's a ton, or a trouble's an ounce,  
 Or a trouble is what you make it ;  
 And it is'nt the fact that you're hurt that counts,  
 But only—how did you take it ?

You are beaten to earth ? Well, well, what's that ?  
 Come up with a smiling face.  
 It's nothing against you to fall down flat,  
 But to lie there—that's disgrace.  
 The harder you're thrown, why the higher you bounce—  
 Be proud of your blackened eye :  
 It is'nt the fact that you're licked that counts,  
 It's—How did you fight—and why ?

And though you be done to death, what then ?  
 If you've battled the best you could :  
 If you've played your part in the world of men,  
 Why, the Critic will call it good.  
 Death comes with a crawl or comes with a pounce :  
 And whither he's slow or sry,  
 It is'nt the fact that you're dead that counts,  
 But only—how did you die.

## Athletic Sports.

After a fortnight's postponement on account of the King's death, we were favoured with excellent weather on Saturday, May 28th. The company was not as numerous as usual owing to the change of date, but this was not without its advantages.

The events were for the most part very open, and though Grimley, ma., was the best athlete, everything was splendidly contested and some very good results recorded; a pleasing point was the sportsmanlike way in which all took their own defeats and were ready to accord praise and applause to the successful competitors. The Bishop of Chichester presented the prizes, a performance which he manipulated in the happiest manner possible; Mr. Harris bade him welcome in a few words, and expressed the great pleasure it gave all and sundry to see him at S. Ronan's, thanking him most warmly on behalf of the School for his kindness in coming. The Bishop spoke for some ten minutes; he always liked to be among young people, and the fact that there were so many schools, influenced him considerably in accepting Chichester; he encouraged the boys not to be down-hearted if they did badly for a time, either in work or games; honest effort was bound to tell, but he had no use for "slackers"; he spoke warmly of the growing prosperity of S. Ronan's and alluded to his coming visit to the Chapel. It was the general opinion that the Sports were a great success; many parents were present, which was a great pleasure to us, they are more appropriate to a Sports meeting than outside people. We were glad to welcome Dr. and Mrs. Bowlby for the first time, and we were especially gratified that Mrs. Ridgeway accompanied the Bishop. We must not forget to mention the "Strangers' Race," under 3; no less than five future S. Ronan's boys were competing, including one two years old; the youngest boy entered for the School, now 9 months old, was not considered steady enough on his legs.

## The Past Cricket Season.

Once more we have reason to feel satisfied with our achievements with the willow, and though the team could not be described as consistently strong, there were occasions when it was very good indeed. The record was excellent, and the energy and keenness which has characterised our XI's of recent years was always present. Coldham was an excellent captain, and he had a comfortable willing lot to lead. There is no need to dwell on the respective merits of the individual players, they are given below, so we will find a word for the younger members of the school. Morris, ma., Delap, ma., and Thrupp, ma., should all be of use next season, while unusual promise is shown by Byass, Coldham, mi., and Abraham. Many others inspire us with hope, such as Delap, mi., Barker, mi., Chapman, and Havers, mi. An innovation was attempted in the shape of third and fourth eleven matches; needless to say the S. Ronan's team, in each instance, emerged panting and perspiring, but triumphant from the ordeal. Our games will be much helped next term owing to a new piece of land we have been able to acquire, though it will be some time before its surface can be compared with the green smoothness of our present grassy sward.

### Characters of the Eleven.

- G. H. COLDHAM. A reliable bat with a nice style, improved immensely since last year; an excellent field and catch, and useful slow bowler; a very good Captain.
- C. W. G. GRIMLEY. A very good medium-paced bowler; capital catch and field; fair bat.
- H. M. MORRIS. A very free-hitting, promising bat; weak against fast bowling; useful in the field.
- A. LATHAM-BROWN. Useful wicket-keeper; fair defensive bat, but no scoring shots.
- E. H. D. GRIMLEY. Most promising player; bowling erratic.
- A. M. G. COBBOLD. Greatly improved bat; good field and catch.
- H. M. GOODALL. If he learns to play straight, will be good; has plenty of strokes; useful fast bowler.
- K. G. MALCOLMSON. Shows much promise as a bat, but as yet lacks experience; fair field.
- N. G. HARRIS. Sometimes makes runs; he also wants experience; fair catch, good field.
- G. T. W. HORNE. Good field and catch; may be a useful all-round player next year.
- W. H. R. CRICK. Excellent catch and field; crude bat, but watches the ball.

### Arundel Day.

Out of a dull and damp July, one day was a real "scorcher," and that day was "Arundel Day." We mustered a small army of 82, as we set forth in four brakes; Mr. and Mrs. Delap and Mr. and Mrs. Garrett bore us company. All the usual pastimes were indulged in: the tobogganning was a trifle more exciting than usual; owing to recent wet weather there was a certain amount of moisture about which had a most disastrous effect on all those who donned white flannels. During the afternoon wonderful performances of "scouting" and other martial amusements were given. Mr. Garrett was universally acclaimed as a "Scout-master," and right nobly did he fulfil his part. Others of us preferring the simple life, laid in a stock of eatables, and encamped on high ground, ensconced for the afternoon in the cool shade of overhanging boughs. After tea, those who had eaten excessively were able to run it off by means of a good game of rounders organised by Mr. Vinter. Everyone thought the day a most successful one. We must not forget to accord a word of praise to Miss Bromley for the perfection of her arrangements.

## Lawn Tennis.

The introduction of the above proved to be a great move; it relieved the stress of cricket and prevented monotony; many good players were produced, Mills, mi., Crick, Coldham, Cobbold, Grimley, ma., and Duttson being possibly the best. Two matches were played, one against Wykeham House, in which S. Ronan's were victorious, the other against Miss Fisher's Girls' School, Church House, in which, after a most strenuous encounter, our opponents were successful; it is fair to remember, however, that they were very much older and play tennis every day, whereas for us it is merely an occasional game.
