

SOCIETIES.

GOLDEN RULE.

We have had two meetings this term, both of which were well attended; the dates of three meetings were advertised in the *Manchester Guardian*, so that old girls could attend if they liked.

We have bought a great deal of wool this term, and have made socks, cuffs and mittens, body-belts, helmets and vests, but we have not been able to give out wool for mufflers, as it is too expensive. This year there will not be the usual Christmas exhibition, as the things are sent out practically as soon as they are received. As usual a great many things have been sent to the Ardwick and District Nurses' Home and to the Schools for Mothers in Hulme and Collyhurst, but we have also sent to the Western Military Hospital, to the Manchester Regiment at Cleethorpes, to H.M.S. "Colossus," and to the Manchester and Salford Children's Clothing Society. We hope soon to send some things to Miss Dendy's Settlement at Sandlebridge.

Besides the ordinary terminal subscriptions of Id., we are indebted to several firms and individuals for further voluntary subscriptions which we gratefully acknowledge.

PHYLLIS HUNTER.

NANCY CONWAY.
