## **OLD BOYS' NOTES.**

---

We very much regret to hear that Lieutenant F. J. Huskinson and S. Goates, who were taking part in the Great Offensive on July 1st, are missing. It is known that the former is wounded. We tender our deep and respectful sympathy to Mrs. Huskinson and Mr. and Mrs. Goates in their anxiety.

We have also to record the death of Lieut. R. D. East, who was here as a master in 1911. On leaving us after taking his B.A. in Honours at London University Mr. East was tutor at Cliff College, where he took his B.D. degree at London. He entered the Wesleyan Ministry and was in training at a Theological College when the war broke out, joining the Army as a private, after six months he was given a commission, and was about to attain the rank of Captain when he was killed. He left a touching letter to his parents telling them that he found the religion which had helped him in time of peace, was found sufficient in the face of death.

Several old boys of recent date including Ashton, Neall, Westoby are now in the front line trenches in France. Mr. Francis is also there.

Lieutenant Godfrey Goodman was in the Dublin fighting, and is still on duty in Ireland.

We regret to hear that Bryan E. Spink has been in hospital for some months suffering from disease brought on by the hardships of the Egyptian and Gallipoli climate. He is now almost convalescent.

## HONOUR—THEIRS AND OURS.

---

They leave the school, the desk, the gown,  
The pleasant playing fields of home,  
To win on fiercer fields renown,  
And write their names in War's grim tone.

They go with courage resolute  
To face a long-embitter'd foe,  
To thwart the rage of man turn'd brute  
And bring his restless malice low.

With pain, discomfort, wounds,—nay death,  
They pay in full a heavy price ;  
They call,—some with their latest breath,—  
To deeds of noble sacrifice.

That call shall not unanswered wait :  
We hear, and hearts and minds aglow,  
Burn with desire to emulate  
The deeds we thrill to hear and know.

Our work is here ; achieve it well :  
That is our best, our true reply,  
Let an unswerving honour tell  
We dare to live as they to die.

## **SCHOOL NOTES.**

---

Our community now numbers 104.

Last term we bade good-bye to three members of our Staff, viz.:—Miss Love, Miss Duncan, and Mr. Edwards. Their respective places have been taken by Miss Godley, Miss Couldrey and Mr. Williams. We sincerely hope that their stay in our midst will be a long and happy one.

Instead of holding our sports this year, we are devoting the sports fund to paying part of the expenses incurred by the formation of a Cadet Corps attached to the 5th Lincs. This latter institution aroused great enthusiasm. About 50 boys have already joined, and we hope that before long everyone over 13 years old will be in Khaki. The uniforms, which were ordered on June 23rd, have not yet arrived : but we are living in hopes that they will not be long. The probable cause for delay is the size of certain Cadets' heads, which necessitates their caps being made in the open. Owing to the inclemency of the weather much work out of doors has been impossible. Sergeant McDowell undertook the task of initiating us into the art of company drill.

The following officers and N. C. O.'s have been appointed : Cadet Captain, the Headmaster ; Cadet Lieutenant, Mr. A. E. Knight ; Cadet Second-Lieutenant, Mr. S. Robertson ; Lance-Corporals, Sumpter, Moore, Hewitt i, Goodman.

We had a special Empire Day Celebration this year, reference to which will be found elsewhere. We very much enjoyed the day.

We have had only one house match this term. The Nelthorpes were easily victorious on the 1st pitch, but suffered defeat in the two remaining games. Adair distinguished himself by a score of 64 not out.

This year the number of candidates for the Locals was 21. If one could judge from their facial expression, certain of these would have been elated if they could have arranged a separate interview with each member of the Cambridge Syndicate. We should have pitied the latter. No one, however, has developed so much as the earliest symptoms of brain fag, so we conclude that all have done well.

Several boys are leaving us this term to tackle life's problems. We all join in wishing them a happy and prosperous future.

A. D. M.

## **EMPIRE DAY.**

---

The School celebrated Empire Day this year in a special manner. After suitable prayers, addresses were delivered to the boys by the Headmaster and members of the staff. Mr. Knight gave the first address, taking as his subject: "Great Scientists and the Empire." He showed that the Empire of Great Britain was not to be estimated by the extent of its territories so much as by the services it had rendered to the world in furthering civilisation. It was an Empire great rather in its rule over the minds of men than in its regulation of material things.

Mr. Robertson followed with an exposition of the "Growth of the British Navy and its Service to the Empire." He traced Naval History from its earliest beginnings and indicated the main periods of its development. Incidentally he gave illustrations of the effect of Naval events on the formation of the National Characteristics. Emphasis was laid on the security afforded by our First Line of Defence.

Mr. Williams gave an address on the "Growth of the Empire," and showed how the idea of responsibility to weaker races had grown. He explained that while Empire might be reckoned as adding to the fame of a country, still more did it call for intelligent self-sacrifice.

The Headmaster took as his theme the "Empire Day Golden Rules" of Lord Meath. These are fifteen in number, and are worth recording. They are: (1) Love and Fear God; (2) Honour the King; (3) Obey the Laws; (4) Prepare to advance the highest interests of the Empire in Peace and in War; (5) Cherish Patriotism; (6) Regard the Rights of

other Nations; (7) Learn Citizenship; (8) Follow duty; (9) Consider duties before rights; (10) Acquire knowledge; (11) Think broadly; (12) Practise discipline; (13) Subdue self; (14) Work for others; (15) Consider the poor and suffering.

Mr. Bryant dealt with all these, but especially with Nos. 5, 6, and 9, and showed how our enemies in the present war had disregarded the rights of others and shown no fitness for the burdens of an Empire they were ambitious of acquiring.

Suitable songs were rendered by Mr. Knight and Mr. Williams. The proceedings terminated with the National Anthem.

## **BOARDERS' NOTES.**

---

Our number still continues to increase and now we number 41. Our new comers are Smith mi., (who evidently thinks that Brigg is a safer refuge than Broadstairs), Dodds ma. and mi., Riggall and Baker mi. Ronnie Dodds has taken "Woger" Swindell's place as the smallest boy in the House.

Although the Concert at the end of last term was got up rather hurriedly, it passed off quite successfully. This term we are to be favoured with a Concert given by the Staff assisted by some friends of the school.

The swimming bath has not been used so much as was the case last year. The weather may have had something to do with this, but it is partly due to the increase in "water babies."

Rivalry between the Boarders' House Teams this term has been conspicuous by its absence, there having been only one match. This was a draw, although the Nelthorpe's had hard luck in forcing a definite result. The Nelthorpe's made 134 for 5 wickets and then "declared," while the Yarborough's only made 47 for 9 wickets. For the Nelthorpe's Mumby ma. made 50 and Johnston 29.

Instead of having our usual holiday on Whit-Monday we postponed it for a week in response to an appeal which the Government sent round. It was very fortunate for us that we did postpone it as Whit-Monday turned out to be very wet. When our holiday came, the weather was all that could be desired. First of all we had a dip in the bath, and then went for a bike ride. After dinner we played cricket until supper time with an interval for tea. By the time bed-time arrived, no one was sorry, and more than one boy admitted that he was tired out. That means something coming from a boy.

On the occasion of the Bishop of Lincoln's visit to the town his Lordship kindly sent us a fine basket of strawberries. It is unnecessary to state that we all thoroughly appreciated His Lordship's kindness.

Rounders and Playground cricket have been much more popular than cricket on the field. For some reason cricket fell out of favour with everyone at the beginning of the term. This is a great pity as it has had a marked effect on the results of our School matches, as well as on our standard of cricket.

The field was not meadowed at first this year, but was grazed by some sheep, which made a permanent practice of using the first pitch as their dormitory, much to the annoyance and sorrow of those who had the fortune to play there.

Several of our community are leaving this term, some to tackle life with all its troubles and trials, whilst others are leaving to go to bigger schools but not necessarily better. We all wish them the best of luck, and may they ever appreciate what B. G. S. has done for them !

There are a few questions which may interest our readers.

Who said " Three times three are nine " ?

Who thought one minute that upright floating was impossible, but said it was easy the next ?

Who spent 45 minutes choosing a pair of socks or rather " shocks " ?

Why someone has earned the name of " Galloper " ?

Why some boys delight in studying architecture ?

Why one boy was christened " Sparrows " ?

Why some boys are rather afraid of " Dunlop " ?

### **FIRST ELEVEN CRICKET CHARACTERS.**

---

- x J. N. SUMPTER. Capt. Careful bat ; has been unfortunate in not scoring more runs. Should develop a more aggressive style. Fields excellently at 'Cover.'
- o E. S. B. ADAIR. Vice-Capt. A steady bat ; not sufficiently forceful. A very useful bowler.
- o B. CARPENTER. Has retained his bowling capabilities. Keeps a very good length ball. Should not try to bowl too fast. Should cultivate a straight bat.
- \* RABY. Has done good service as stumper. As a batsman he is disappointing, as he should have scored more runs.
- \* CAMPION. Has much improved his batting this term. Should open his shoulders and hit vigorously.
- \* JOHNSTON. Very fair batsman, who can hit well, at times. Must learn to use a straight bat.

x Colours 1914. o Colours 1915. \* Colours 1916.

This term the first team has consisted of Sumpter (Capt)., Adair (Vice-Capt)., Carpenter, Hewitt, Campion, Raby, Johnston, Goodman, Armour, Bird, Brotherton and Barker.

B. G. S. v. "OLD BOYS."

May 20th. The first match of the season, secured us victory against a team brought by our last season's captain, Green. Adair i. and Champion batted well for the team and Carpenter i. excelled in bowling by taking 8 wkts. for 12 runs.

## B. G. S. v. GAINSBORO'

May 31st, at Gainsboro. Being somewhat tired after a rather long walk we suffered an easy defeat. Bad batting, on the part of our team, seemed to be the order of the day, and the rot continued through our fielding. Carpenter was again successful, taking 8 wickets for 17 runs.

B. G. S. v. CLEE.

June 3rd. The game against Clee resulted in a victory for us by a very narrow margin of four runs. Carpenter again bowled well and took 6 wickets for 17 runs. Near the close of the game, Barkwith, the Clee stumper, was unfortunately hit in the eye and had to retire. The fielding in this game was excellent, and Raby played well behind the wickets.

## B. G. S. v. GAINSBORO'.

June 17th, at Brigg. The return match against Gainsboro' was more disastrous to us than the first match. By hard hitting Gainsboro' soon wiped off our lowly score. and Snell, the visitors' Captain, played an excellent innings. The bowling on our side was not up to its usual standard.

July 1st, at Brigg. This match commenced under adverse circumstances, for rain was falling and continued to do so during the first hour. As our umpire prophesied, as soon as he saw blue sky in the distance, so the weather turned out, and we finished the game in beautiful sunshine. Sumpter i. batted well and knocked up 23.
